TRAINING DIVISION MISSION

To be a leader in the development and delivery of innovative training programs and educational opportunities in order to support the overall mission of the Chesterfield County Police Department.

Division Goals

- To develop and provide opportunities for personal and professional growth for Chesterfield County Police employees;
- To provide services that support the enforcement and public safety efforts of the criminal justice community;
- To pursue resources and facilities essential to accomplishing the mission of the Training Division;
- To create and maintain a positive learning environment which integrates organizational values with education and training.

Division Objectives

- Develop, administer and manage training for the members of the Chesterfield County Police Department and its partner agencies, in accordance with all legal standards
- Provide DCJS approved basic, pre-certified, and in-service training
- Provide enhanced law enforcement training for other law enforcement practitioners, including all agencies in the Richmond Metro area

TRAINING DIVISION OVERVIEW

The Training Division is the Chesterfield County Police Department's centralized training component located at the Eanes-Pittman Public Safety Training Center in the government complex. The division provides all levels of department training; including the basic academy, in-service training, specialized and technical training, civilian training, and management training. Training is provided for Chesterfield County Police Department personnel and our partner agencies, as well as members of other local, state and federal agencies from Virginia and the nation.

The division is divided into four components: the administrative support section, the mandatory training section, the technical training section, and the specialty training section.

The administrative support section maintains all training records for the department and the partner agencies in conjunction with DCJS requirements. A part-time registrar coordinates and schedules all classes at the Public Safety Training Center. The section is also responsible for training-related travel arrangements and costs, as well as fiscal planning and management.

The mandatory training section coordinates recruit and pre-certified officer training, along with DCJS mandated in-service training. This section also oversees the gym and fitness areas.

Technical skills training includes firearms and all other weapons, driving, defensive tactics, and radar certification. This section manages the department's two firearms ranges at Enon and Camp 13.

The specialty training section includes all enhanced, elective and developmental training. The section manages the departments instructor development program; as well as all computer based training programs.

GENERAL INFORMATION

Location:

Courses are held at the Eanes-Pittman Public Safety Training Center unless indicated otherwise.

Time:

Classes start at 0800 and end at 1700 unless otherwise noted.

Who may attend:

Programs are open to all department employees, sworn or non-sworn, with a work-related need for the specific training requested.

How to register for training:

All training must be approved and submitted by a supervisor. The academy staff will be glad to answer all questions about upcoming training, but cannot register individuals without supervisor approval. Supervisors should submit a **PD-116 Training Request** form whenever there is an expense associated with the training, such as a registration fee, lodging, airfare, or per diem.

For all other training, including MIST, use the **Personnel Registration Form** found on the Training Academy Forms section on the PD Intranet. For out of state training with no cost involved, and travel will be by county vehicle, the **Personnel Registration Form** should be used. This form should be filled out and e-mailed to [PD Training](#).

Attendance:

Participants are expected to attend all classes. Supervisors should not schedule officers to attend on court days.

In case of illness on a scheduled training day, the participants must notify both the Academy at 751-4490 and their supervisor. Commanders will be notified when personnel fail to report for scheduled training.

Attire:

Appropriate attire for sworn employees of the Chesterfield County Police Department while at the Police Academy is defined as:

- Duty uniform
- Utility uniform
- Business attire if typically worn in current assignment

Civilians and sworn employees of other agencies may wear business casual attire. Jeans, shorts and/or tennis shoes are not acceptable. Law Enforcement officers may carry their duty weapon.

If a different type of attire is required due to the nature of the subject being taught, students will be notified either by the training staff prior to the start of instruction, or by the instructor on the first day of class.

Identification:

Chesterfield County Police Department personnel not in a duty uniform will display their Department issued ID/access card. Members of other law enforcement agencies must display either an ID card/credentials or a badge.

Building policies:

The Eanes-Pittman Public Safety Training Center is a no-smoking facility. Individuals who wish to smoke may do so outside behind the building and may access this area through the back door of the lounge.

The side door to the police wing of the academy will remain locked unless directed by Training Staff supervision. *This door is not to be propped open for any reason.* The propping of this door using rocks or other objects damages the door and results in the need for costly repair.

Important Note:

This catalog was prepared in January 2006 and does not reflect all of the specialized training that may be available throughout year. All of this information is also available on the PoliceNet. Please check the Training Academy site for updates.

In-Service Course Descriptions

VCIN Level C Re-Cert- This one-hour class is for PMDC users who access VCIN/DMV. This satisfies Virginia State Police requirements for certification.

Gas Mask Fit Testing- Chesterfield officers will have their annual fit testing conducted.

Fire Extinguisher- This annual course, which is a required refresher, is conducted by use of video.

Use of Force- This course is designed to refresh officers on policy and laws related to this subject.

Stop Stick Training- This training will familiarize officers with the use of the new pursuit ending devices recently purchased by Chesterfield PD. In addition to the classroom portion, there will be practical exercises using the Stop Sticks at Safety Town.

Driver Training- This course held at Safety Town will enhance officer's skills on backing maneuvers.

Underage Alcohol Violations- The goals of this course are to educate officers as to the impact of underage alcohol consumption and to stimulate officers to become more aggressive in the enforcement of underage drinking laws.

Dealing with Disabilities- This course is designed to help officers understand how to interact with individuals with disabilities including mental illness, mobility impairment, speech impairment, deaf and blindness.

Legal Update- A member of the Commonwealth Attorney's Office will review current court cases and newly enacted code sections.

ASP Baton Refresher- This course is designed to enhance officer skills in the use of this non-lethal impact weapon.

In-Service Supervisory Course Descriptions

Intervention for Integrity- Supervisors will receive training on recognizing and dealing with inappropriate or harmful behavior by employees with an emphasis on early intervention.

Response to High Risk Incidents- Supervisors will gain valuable skills on tactically containing and stabilizing major incidents.

EOC Operations- This course will familiarize supervisors with the function of the County's Emergency Operation's Center and prepare them for duty in the center during an activation.

K-9 Capabilities- The supervisor of this section will discuss the capabilities of the dogs, procedures for call out and scene preservation and give supervisors the chance to ask questions.

Chief/Deputy Chief Roundtable - Colonel Baker and or his deputy chiefs will discuss current issues in the department and seek input from supervisors in an open forum.
